

TO THE MEMBERS OF THE SOUTHWEST AHS CHAPTERS:

With the Summer Institute fast approaching, it is time to start thinking about providing harps for our many distinguished visiting performers. We will probably need about 20 excellent performing instruments. The Institute will run from June 19-23, 2011. Ideally, we would like the harps to be brought to the UNT campus on June 17, and picked up on June 24.

We will also need many practice instruments, dollies, and adjustable benches. Harps donated for solo performance will receive a complimentary regulation.

All harps will be treated with great care, supervised during the day and locked in a room at night.

If you have questions about the suitability of an instrument or have a problem with transportation, please contact me.

Thank you for your generosity.

*Jaymee Haefner*

*Program Chairman, 19<sup>th</sup> Summer Institute*
