

Percussion Departmental Performance Request Forms

Guidelines for Completion:

Forms are due by Tuesday evening of the week of our requested performance date.

There is a folder on the door to MU131 to return the completed form.

Faculty approval is required on all forms.

Forms that do not have all the information completed will no longer be accepted. This includes the year the composition was written as well as the birth and/or death year(s) of the composer. If your composer is living and you cannot find their birth date only email them and request it. Also make sure you have the correct title of the piece listed.

Mr. Ford will determine performance order.
